

# Cashmere

CASHMERE

CASHMERE  
ELITE

## Fabric

Cashmere is one of the most precious, soft and luxurious fibre that can be found in nature. Obtained from the wool of goats living in the highlands of Tibet, the fabric is made from a combination of soft and comfortable cashmere wool and, among others, viscose, another noble material, pleasant to the touch and with optimal moisture dispersion characteristics, to ensure an ideal microclimate and a soft and warm embrace.

## Padding

Winter side with warm cashmere and soft fibre support breathable hygienic and soft.

Summer side with fresh bamboo that helps the fast dispersion of moisture and breathable, hygienic and fluffy soft-fibre support.

## Washing

Both sides machine washable at 60 °.
